The map illustrates the evening bus network in Cottbus, starting from 20:45. It features a central urban area with the main bus station (Hauptbahnhof) and the city center (Stadthalle) as key hubs. Major routes are color-coded: purple for regional buses (47), green for night buses (4N), blue for regular buses (12), and red for rail-regional services (RE2, RE10, RE13, RE18, RE43, RE49). The map also shows connections to neighboring towns like Burg, Sielow, Döbbrick, Willmersdorf, Merzdorf, Schlichow, Branitz, Kahren, Madlow, and Hohenstein. Landmarks such as the Spree river, the city center, and various parks are marked. The map is divided into several districts, each with its own set of bus routes and stops. The legend at the top left explains the symbols used for different types of buses and stops. The information at the top right provides contact details for the Verkehrsverbund Berlin-Brandenburg GmbH and Cottbusverkehr GmbH.
